Just as a film began, I received a text message on my mobile ~~lower~~. I was watching a new film with my friend. This film was very interesting. It is a funny cartoon. A message was from my mom. She said that she is very busy today and I need to go to my friend's home. After film ended me and my friend went to his house where we play a lot. Then mom came for me and we went home. At home, with my mom we watch film too. I very love my mom and my friends!
